

On-vehicle TV Antenna (Digital Terrestrial Wave)

yokowo

Laminated Antenna For Digital Terrestrial Wave

Laminated Antenna for Digital Terrestrial Wave

Feature

- Laminated antenna for front window.
- Small sized/high quality antenna designed to enable wide visibility for driver and passenger.
- Improve installation time by groundless AMP.

Specifications

Item	Specification
Frequency	470-770MHz
Over roll Gain	-5dBd min
Input DC Power	TBD (phantom feed)
Power Consumption	80mA max

Diversity Antenna For Digital Terrestrial Wave

Laminated Antenna for Digital Terrestrial Wave / GPS

Feature

- Laminated antenna for front window.
- Small sized/high quality antenna designed to enable wide visibility for driver and passenger.
- Terrestrial wave and GPS merge into one Laminated antenna element.

Specifications

Item	Specification	
	DTV	GPS
Frequency	470-770MHz	1575.42 ± 1.023MHz
Over roll Gain	-5dBd min	27dBd Typ
Input DC Power	TBD(phantom feed)	TBD(phantom feed)
Power Consumption	40mA	18 ± 5mA
